

Our Mission

To improve medical care in developing countries through medical program development, education, direct patient care, diagnostic support, medical device donations, medical supply donations, and community outreach support with the support of our dedicated team of medical volunteers.

*earthMed is providing and/or considering support in the following nations:
Argentina, Bolivia, Mongolia, Peru, the Philippines, Grenada, Tanzania and Uganda.*

Develop self-sustaining health services

Develop educational programs

Provide consultation and hands-on training

Provide educational material

Pursue and distribute medical equipment and supply donations

To learn more about earthMed, how you can serve as an earthMed volunteer, if you have medical supplies or equipment you would like to donate, or can provide financial support (see note about IRS 501(c)(3) status below), please contact earthMed via e-mail at info@earthMed.org.

earthMed, although already providing much-needed support, is still in the process of applying for IRS 501(c)(3) non-profit status and expects to attain non-profit status in the near future. Your donation, whether cash or in-kind, could possibly not be tax-deductible. Please contact earthMed prior to donating if concerned.
